

1800 watt - 18litre capacity dual magnetron commercial microwave

- **18litre chamber capacity** high volume rapid heat commercial microwave
- Stainless steel cabinet and partial interior
- **Dual magnetron** (top & bottom energy feed)
- **30 programmable memory pads** with x2 and x3 serve keys for high volume heating
- **2 and 3 stage heating** capabilities
- Audible tone control (on/off)
- **14 power levels– 350w to 1800w**
- **Grab & Go door design** with clear see-through panel
- Digital LCD display
- LED Light
- Self-diagnostics
- Cycle counter
- **Easy-to-clean air filter** (with reminder)
- Removable ceiling splatter guard
- Stackable
- **Fits one 15cm tall half size steam pan with cover**
- Single phase plug and cord supplied as standard

Technical Data

Wattage	1800watts maximum
Chamber capacity	18litres
Chamber dimensions (mm)	330(w) x 310(d) x 175(h)
Overall dimensions (mm)	422(w) x 508(d) x 337(h)
Magnetrons	2 - 1 top & 1 bottom
Power levels	14 levels– 350watt to 1800watt
Programs	30 memory touch pads with x2 & x3 serves
Multi stage heating	2 & 3 stage manual or programmable
Oven Light	LED Light
Power supply	240/50/1 - 15amp
Power cord	Single phase 15amp plug & cord
Shipping weight	33kg
